Boyce Hill Town Forest Site Visit

Present: Sally Dwyer, Lisa Koitzsch, Corrie Miller, Chuck Martel, Karrie Thomas, Woody Dugan, and Peter Colgan.

The BHTF Steering Committee met on October 20th, 2020 at 4 p.m. to walk the road up to the top of the Boyce Hill Town Forest. The purpose of the field visit was to finalize mowing recommendations for 2020. Discussion focused on areas that would be unrecoverable by next year's mowing season, viewshed preservation, natural resources impacts, recreational access, and water resource protection. A final decision (and map) will be made at tomorrow's regularly scheduled meeting.
