

**Fayston Conservation Commission Committee Meeting
Minutes
October 30, 2006**

In attendance: Rick Levy, Stellan Wolmar and Ky Koitzsch

All present agreed that Ky Koitzsch and Mary O'Leary (If this is possible Mary) should present information about the formation of our Committee to the Fayston Select Board. If Mary is unable to do so, Rick Levy stated that he would be able to. Ky will not be available for the November 13th Select Board meeting and our committee needs a little more time to get organized. It was agreed that we should prepare an outline (see draft below) for the Select Board summarizing the committee's efforts to date and providing information and background to justify the creation of a Fayston Conservation Committee. Ky and Mary will attend the November 27th Select Board meeting to speak directly to the Board about the formation of the committee and to answer questions and concerns they might have. Our goal in meeting with the Select Board is to encourage them to add this initiative to the ballot at the next Town Meeting.

After our Committee meeting, Ky spoke with Jared Cadwell and explained the current status of the Conservation Commission. Jared suggested that we present a preliminary outline to the Board before we meet with them on the 27th.
